

**Shiplake CE School**

**PE and Sport Premium**

**Amount allocated 2015/16** **£8840**

**Amount spent 2015/16** **£8840**

Spend plan : employment of specialist PE Teacher for 2 days per week for the academic year 2015/16, subscription to the local Partnership Schools Sports Programme, additional resources to support the delivery of the increased and enhanced PE provision.

A large variety of Sports Clubs are available for children to participate in throughout the year – 14 in total. We have had 73% of children attending at least one club, with Running Club having an average of 36 children each week running a course around nearby fields. Children and parents alike have responded positively to the extensive programme, which we intend to continue during the next academic year. As well as curriculum activity, children have also been able to engage in representing their school at tournaments which are organised by the local Partnership of Schools Sports Programme. Having a greater variety of clubs has enhanced children’s knowledge and understanding of activities and placed us in good stead when taking part in events and 53% of the school roll have represented the school at an outside sports tournament this academic year. Our specialist PE Teacher has also delivered inset and on-going training to staff across the school to help them develop their skills at teaching in this area. This area of development has been extremely positively received by all staff and their PE professional development is scheduled to continue during 2015/16.

All pupils from Reception through to Year Six engage in two hours of physical education per week. All curriculum areas are covered encompassing Invasion Games, Striking and Fielding, Net/wall, Athletics, Gymnastics, Dance, Health Related Fitness, OAA and Swimming. Pupils in Year 3 and Year 4 engage in a ten week swimming block looking at developing their swimming capabilities. It is not just new skills that are learnt in lessons but how to use them, understanding tactics and strategies to outwit the opposition, developing the ability to appreciate others work, and understanding the importance of being active, fit and healthy.

PE provision at school has made positive steps forward with the introduction of outside agencies helping in the delivery of PE, both within curriculum and extra-curricular time. Premier Sports work in conjunction with the specialist PE Teacher, in addition to offering pupils sports such as Archery and Fencing. First Soccer provides pupils with futsal and from this a number have been identified to attend their development centre offering wider opportunities to the gifted pupils.

Physical Education at Shiplake Primary School provides an ever increasing amount of opportunities to all pupils across the school to engage in a variety of activities, outside the school day. Currently we are offering Fun Fitness, Futsal, Net Sports, Yoga and Archery to Key Stage2 pupils and Futsal,

Archery, Yoga and Nets Sports to Key Stage 1. The aim of extra-curricular activities is to further the experiences of pupils in their chosen physical activity.

In Year 6 children attend a residential trip where a variety of outdoor activities take place including abseiling, canoeing, archery, surfing and orienteering. Children thoroughly enjoy the challenge the breadth of activities bring. On a more competitive level Shiplake Primary School is involved in a number of tournaments and festivals held throughout the year. These give pupils the welcomed opportunity to represent school in Football, Hockey, Tag Rugby, Cross Country, Rounders and Kwik Cricket to name but a few. All pupils participate in inter house competitions with the emphasis on getting all pupils to represent their house, the finale of this being Sports Day.

At Shiplake Primary School we believe experiences at primary school are pivotal to the children's future perception of physical activity. Pupils leave the school equipped to enjoy sport for all its health and social benefits. For those who relish the competitive element, they gain the skills, confidence and relevant experience to succeed at their chosen level and discipline too.

The school has been awarded The Silver Award through the Sainsbury Sports for Schools Scheme. With the impending development of the role of Sports Ambassadors we anticipate applying for the Gold Award in Summer 2017.

Our Year 5 and Year 6 pupils are eligible for election to become a Sports Ambassador. One boy and one girl from each of the four houses are elected by Year 6 ambassadors following an application process, to run fortnightly session for pupils in Reception class to Year 3 who have been identified by their class teacher. These could be pupils who need greater physical engagement, have low self-esteem, or struggle to work with others for example. Ambassadors work with a small group of pupils using a variety of small fun short games-based activities that either they have designed or been given. They will also be taking on a more definitive role in the organisation and running of inter house activities. This is a developing area.
